HOSTEL LOCKER	
DIMENSIONS	1800h x 410w x 520d
DESCRIPTION	With 2.5 shelves & money box Hasp & staple for padlock facility

Evolution Desking

A. PIN BOARD:

Pin boards are standard with the top compartment and are on both sides of the unit. Grey felt is the standard colour.

B. STORAGE BOTTOM UNIT:

The bottom part of the unit consists of a door compartment with a single shelf, bottom deep drawer which can accommodate 2 box files and a standard top drawer. Drawers are central locking, with wooden box construction and run along ball bearing runners for smooth and easy opening and closing.

C. PEN AND PENCIL TRAY:

A hidden pen and pencil tray is included in the Spine Top Drawer. It simply pulls out and is located on its own set of drawer runners.

D. CABLE MANAGEMENT:

Cable management ports are located on the sides, in the middle and on the backs of the Spine. It allows for easy manoeuvrability for cabling input and outlet to branch out to the desks.

E. CAVITY SPACE:

A cavity space has been created on the Spine Unit. It is ideal for cabling network to be placed through to reach desking areas. The cavity has been placed between the top and bottom for reticulation purposes and stows it out of sight.

LEVELLING FEET

Each spine unit features 8 adjustable levelling feet. These are used to level the unit on uneven floors.
